REQUEST FOR WAIVER OF 471 APPLICATION AND ITEM 21 DEADLINE

Richard McKenna Charter High School BEN 16064773

FCCRN: 0024519050

471: Nickname 2016 Application # 161032377

FRN 1699074364 : Type of Cat 1 "Internet Access"

Richard McKenna Charter High School, a small, rural school district in southeastern Idaho, respectfully requests a waiver of the 2016-17 Form 471 application and Item 21 deadline.

After having talked with the Customer Service Department at USAC on four different occasions to receive help, it was our understanding that the form had been completed and submitted and did not hear anything otherwise from USAC to notify us.

Only after the window, our State E-rate Coordinator, Todd Lawrence, informed me that our Form 471 application had not yet been certified and was in "incomplete status." This is when I logged into the EPC portal and completed the Form 471, within the 14-day grace period. We are filing this

request today because we are unsure of when we will receive an actual OOW – Out Of Window Letter. We understand that all documents for 2016 and forward will be in the portal, but we don't know when we will receive the OOW.

Thank you so very much for your support in granting this request for waiver of the filing deadline of May 26, 2016, and we look forward to another year of broadband services and state support of the non-discounted portion to update our infrastructure in transitioning to digital teaching and learning.

Respectfully submitted this 6th day of June, 2016.
